Assistant Student Editor

Welcome aboard Buzz, the monthly newsletter that encapsulates the diverse and dynamic spirit of our school and celebrates exceptional achievements, events, and talents. The country has witnessed the onset of the monsoon, but it could not dampen the spirits of MCKVians. On the occasion of National Doctors' Day, doctors were remembered for their selfless service and dedication to society. Adding to the excitement, the Rath Yatra celebrations successfully nurtured a sense of community and devotion among students. The school celebrated Van Mahotsav with the intent to instil a sense of environmental responsibility and social accountability, along with raising awareness about tree plantation. Every person has incipient potential which, when tapped, will surely yield unexpectedly remarkable results. Forget the saying, "To do something big, you have to be big"; realising your potential will help you overcome the so-called age barrier and perform commendably. I invite everyone to delve into the pages of the newsletter and relish the memories, dreams, and creative endeavours that it embodies. Happy reading!
