

The Interact Club of M.C. Kejriwal Vidyapeeth

Familiarizes you with
“The measures to combat COVID 19 pandemic”
with the help of the posters prepared by the
students of Class VIII.

Do's and Don'ts to fight with the Corona Virus

Do

Stay at home - No unnecessary journeys or social contact.

Wear mask to cover mouth and nose.

Wash hands frequently with soap and water or use a sanitiser gel.

We should walk and exercise regularly at home twice a day.

Avoid participating in large gathering.

Don't

Don't spit in public places.

Do not bring anything into or take anything out from the patient's room without checking.

Don't Have a close contact with anyone, if you're experiencing cough and fever.

Don't

Touch your eyes, nose and mouth.

Do not use the patient's toilet.

Who Are Working Hard To Protect Us From This Pandemic
Spread Laughs When You Quarantine At Home. Not Fear.

Stay Safe

Don't take risk.
Please put mask.

Don't go in flight.
Washing hand is right.
Stay safe at home,

Otherwise it will harm.

Don't Mingle,
Always be Single.

When carelessness increases,

Population decreases.

Isolation is the only way,

To fight coronavirus, I say.

class-VIII, Sec-'C', Roll-4289

Wear a mask covering your nose and mouth, because it protect you and others.

Don't use other's masks, gloves and cloths, don't come with direct contact.

Check your oxygen level and monitor your temperature.

Don't forget to disinfect the equipments, don't forget to wash things which bought from market.

Seek emergency care if oxygen level is less than 94% and your fever is more than 101°F (38°C) persists for 3 days.

Don't have medicines without doctor's advice.

Wash your hands with soap, Sanitizer and clean your room with disinfectant.

Avoid cold drinks, cold water and ice cream.

THANK YOU
